## REPORT

regarding participation in project " **Town Twinning for rural development. A great opportunity for EU citizens** " - URI, Italy

Săcălășeni Municipality was partner in the "Town Twinning for rural development. A great opportunity for EU citizens" at the invitation of Municipality of URI - Italy.

Our delegation, headed by the Mayor - Emilian-Gheorghe POP, included 27 citizens – farmers, experts, young dancers:

PĂTRAȘCU Mihai was our speaker at high level conference.

The young entrepreneurs: POP Călin Ștefan, POP Alina, BĂBAN Marius Flavius, BĂBAN Diana Ionela, COSMA Andreea Mihaela, COSMA Daniel, CĂTĂNOIU Sorin, ȘLEAM Aurelia, MOGEA Maria, CONȚ Mircea Mirel, CONȚ Daniela, had the opportunity to present our best and famous traditional food products ("sarmale", "mici", "horinca", "plăcinta").

A group of young people have presented traditional costumes, traditional folk dances and folk songs: CONȚ Irina, TRIF Claudiu, STAN Raluca, POP Călin Ștefan, POP Viorica Sofia, POP Ciprian Sorin.

The EU level exchange of practices and food local tradition gave an image of the different local cultures and food traditions and the rich diversity of Europe.

They learned new skills of communication, while discovering other cultures. It has created the opportunity to integrate into the host community, meeting other young people, socialize, participate in activities. Also they had the opportunity to see and learn about famous local products of other countries; they understood to appreciate more the conditions that they have in our country, to promote and drive back into the community they belong to, what they learned about the role of CAP in helping farmers to keep the countryside alive.
